

**U.S. Department of
Transportation**

Office of the Secretary
of Transportation

NOTICE OF ACTION TAKEN

DOCKET OST-98-4516

CORRECTED COPY*

This serves as interim notice to the public of the action described below, taken orally by the Department official indicated; the confirming order or other decision document will be issued as soon as possible.

Applicant: **Antonov Design Bureau**

Date Filed: September 29, 1998

Relief requested: Exemption pursuant to 49 U.S.C. section 40109(g) to operate three one-way emergency cabotage charter flights from Tampa, FL, to San Juan, PR, during the period October 1-7, 1998, using its AN-124 aircraft, on behalf of Curtis Air Services, to transport cargo consisting of outsized refrigeration trailers loaded with ice, plus ancillary equipment, to assist in hurricane relief activities following Hurricane Georges.

Applicant representative: Sheryl Israel 202-663-8312

Responsive pleadings: Antonov served its application on those U.S. carriers operating large all-cargo aircraft. Each carrier indicated that it did not have aircraft available to conduct the proposed operations, and that it had no comment or did not oppose grant of the requested authority.

DISPOSITION

Action: Approved

Action date: September 30, 1998

Effective dates of authority granted: October 1 - 7, 1998

Basis for approval: We found that the application met all the relevant criteria of 49 U.S.C. section 40109(g) for the grant of an exemption of this type, and that the grant was required in the public interest. Moreover, based on the representations of the U.S. carriers, we concluded that no U.S. carrier had aircraft available which could be used to conduct the operations at issue here. We also found that grant of Antonov's request would prevent undue hardship to the citizens of Puerto Rico and would avoid imposing unreasonable hardship on emergency relief efforts by facilitating restoration of critical services.

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations indicated:
X Standard exemption conditions (attached) ___ Foreign air carrier permit conditions (Order - -)

Special conditions: Antonov shall comply with an FAA-approved flight routing for the authorized flights, and obtain any requisite Department of Defense authorizations.
